ERIC GOLBY HONORED

"I was very much surprised on October 11th when President Marvin Gross of Manasota Chapter, Florida Nurserymen and Growers Association, presented me with a beautiful thirty inch trophy donated by Webster's Nurseries, Inc. of Osprey for the Outstanding Nurseryman of the Year. For once in her life Sally kept a secret from me. They expected a few words but for once in my life, I was speechless," said Golby.

The award was presented at a joint meeting of Manasota Chapter and the Men's Garden Club of sarasota. Members of the Manasota Chapter had donated several unusual or rare plants to be auctioned off with the proceeds going to Loveland School for Crippled Children in south Sarasota County. As they were auctioned Eric gave a description and history of each plant.

Eric was born in St. Peterport, Guernsey, Channel Islands, Great Britain and is a fourth generation plant grower. He and his wife, Sally, now live with his 87 year old mother in Parrish, but will soon be moving to a new home near Resaoner's.

He grew up in the greenhouse and nursery business and left it to study chemical engineering at North-eastern University. When his parents sold their florist and nursery business in Massachusetts at the end of WW II the family moved to Florida. Eric went to work for Norman Reasoner at Reasoner's Tropical Nurseries in 1947 and is now Production Control Manager.
